Re: Solana Generating Station and Gen Tie Project

Dear Ms. Naqvi

Thank you for the opportunity to comment on the Solana Generating Station and Gen Tie Project. I have reviewed the preferred and alternative routes that Abengoa Solar Incorporated has filed with the Arizona Corporation Commission for consideration of constructing the new Solana Generating Station and Gen Tie Project in the Gila Bend Area.

The proposed plant and preferred and alternative routes do not interfere with training and flight operations at the Gila Bend Auxiliary Air Field and therefore Luke AFB does not oppose construction of the facilities as shown, in your application. Luke AFB appreciates the efforts made by Abengoa Solar Incorporated to include us in your planning process. I look forward to continuing our working relationship with Abengoa Solar Incorporated.

For further information concerning Luke AFB facilities, we recommend a review of the Luke AFB web site at <http://www.luke.af.mil>, Community Interests and Community Initiatives links.

If there are any questions, please contact my Community Planner, Mr. Bob Dubsky, at (623) 856-6195.

Sincerely,

A handwritten signature in black ink, appearing to read "J. R. Mitchell", is written over a horizontal line.

JAMES R. MITCHELL
